StarLite® FOAM Safety Eyewear Gives Workers a Protective Edge in Sweltering Work Environments

July 2010—The newest member of Gateway Safety's popular StarLite® family of eye protection, StarLite FOAM is an answer to the need for a safety spectacle with some safety goggle features. StarLite FOAM has a soft foam edge that blocks dirt and debris and helps absorb perspiration in warm indoor or outdoor work environments. It is also an ideal option for those working with drywall or similarly dusty applications.

To fight summer glare, the scratch-resistant polycarbonate lens blocks more than 99.9% UV-A, B and C light. To help prevent fogging when going from hot weather to air conditioning, StarLite FOAM comes in a gray or clear anti-fog lens, both with black temples.

Light in weight yet incredibly durable, StarLite FOAM meets or exceeds the ANSI Z87.1+ standard and offers exceptional impact protection, superior optical quality, and cushioned comfort.

Gateway Safety has long been a pioneer in developing safety products tailored to fit every worker's needs—from safety and style to comfort and fit. The StarLite family of protective eyewear includes StarLite SM, which is 10% smaller for women and workers with narrow faces; the bifocal StarLite MAG; StarLite GUMBALLS™ for a touch of color and fun; and StarLite SQUARED, for a hip and trendy look.

About Gateway Safety, Inc.

Gateway Safety, Inc. designs and manufactures award-winning, cost-effective personal protection equipment. Product categories include eye, face, head, hearing, and respiratory protection. For more than 65 years, it's been Gateway Safety's mission to help employers increase safety compliance and improve the overall welfare of their employees by making safety products that workers want to wear – which, in turn, helps companies reduce the high costs associated with workplace injuries. For more information, contact: Gateway Safety, Inc., 11111 Memphis Avenue, Cleveland, Ohio 44144. Phone: 800-822-5347. Fax: 216-889-1200. Web: www.GatewaySafety.com/PR. E-mail: marketing@GatewaySafety.com.
