Gateway Safety's StarLite® GUMBALLS™ Combine Optimum Protection with Lively Color Options and Comfort

December 2010—Non-compliance with safety guidelines for eye protection is a serious issue in today's workplace. Encourage employees to wear safety eyewear with Gateway Safety's StarLite® GUMBALLS™—combining a popular design and colorful temples with a truly comfortable fit. GUMBALLS come in both original and small sizes, so they fit nearly every facial profile.

Featuring the same great protection as the original StarLite, GUMBALLS offers wearers a dazzling array of ten color choices in each box, including Cotton Candy (pink), Blueberry, Orange, Lemon Yellow, Cherry Red, Lime Green, Grape, Vanilla, Mocha Brown, and Black Licorice. And, since GUMBALLS are still an economical eyewear solution, achieving a personal look while promoting the highest level of safety is easier than ever. StarLite GUMBALLS are an ideal choice for manufacturing, laboratories, dental offices, and many other indoor applications.

GUMBALLS aren't just fashionable and fun. Each pair features a scratch-resistant, hard coated, 100% polycarbonate lens with a dual 9.75 base curvature for unobstructed vision in the workplace. GUMBALLS also provide excellent all-around impact protection and meet ANSI Z87.1+.

GUMBALLS are part of the StarLite family of safety eyewear, which includes StarLite SM, 10% smaller for workers with narrow faces; the bifocal StarLite MAG; and StarLite SQUARED, a hip and trendy look. Like all StarLite products, GUMBALLS are incredibly light and durable and block more than 99.9% of UV-A, B & C light.

About Gateway Safety, Inc.

Gateway Safety, Inc. designs and manufactures award-winning, cost-effective personal protection equipment. Product categories include eye, face, head, hearing, and respiratory protection. For more than 65 years, it's been Gateway Safety's mission to help employers increase safety compliance and improve the overall welfare of their employees by making safety products that workers want to wear—which, in turn, helps companies reduce the high costs associated with workplace injuries. For more information, contact: Gateway Safety, Inc., 11111 Memphis Avenue, Cleveland, Ohio 44144. Phone: 800-822-5347. Fax: 216-889-1200. Web: www.GatewaySafety.com/PR .
