

# SOUND SERIES™

## Sound protection. Sound selection.

Have you heard? **SoundSeries Earmuffs**, by Gateway Safety, offer you the best combination of quality hearing protection, comfort, selection, and price.

Highly versatile, each SoundSeries earmuff can be worn over the head, behind the head, or under the chin. And all Gateway Safety earmuffs are completely adjustable.

**SoundOut™** silences others in its class, offering excellent attenuation – 28 NRR – a self-adjusting headband that swivels easily into three positions, and one of the most durable constructions on the market. SoundOut is your top choice for high-noise environments.

**SoundDecision™** earmuffs are economical, di-electric muffs with premium features. A cost-effective solution for your mid-level hearing protection needs, SoundDecision has a 25 NRR.

**SoundChoice™** – at 22 NRR – provides the degree of protection required for more than 90% of workplace noise hazards. A lightweight and economical solution for low-level sound environments.

- A cost-effective response to mid-level hearing protection needs.
- Special hygiene kit includes two cup sponges, two cup cushions, and a headband pad.

**SOUNDCHOICE™**

**22  
NRR**

**Item Description**

95034	Three Position, Di-electric, Black & Blue Earmuff
95072	SoundChoice – Hygiene Kit

- Very economical, but loaded with premium features including full adjustability and padded headband.
- 22 NRR provides the degree of protection needed for most noisy environments.
- Three-position, di-electric earmuff with soft cushions for superior seal.
- Extremely lightweight – just 7.2 ounces – SoundChoice assures long-wearing comfort.
- Special hygiene kit includes two cup sponges, two cup cushions, and a headband pad.

**FULLY ADJUSTABLE AND VERSATILE PROTECTION**

To enhance comfort and convenience, SoundSeries Earmuffs feature a rotating headband so that the protection may be worn in three different positions (over the head, behind the head, under the chin) and with or without head protection. The headband adjusts easily to fit a wide range of head sizes. Adjustable swivel cups offer better fit.
